Generative AI use statement

OPTION 1: No AI used

I, John Lavack, hereby confirm that I used **no generative AI tools or systems** in the completion of this assessment. I confirm that the document I have submitted was entirely written by me.

I acknowledge that any undeclared use of generative AI will constitute academic dishonesty and will be dealt with according to relevant University policy.

I understand that I will be held accountable for any academic misconduct that arises in breach of any relevant University policy, as well as the consequences of such infringements.
